

Hi i'm Milika.

I'm part of the Brisbane Pickleball club and I want to invite you to come and try Pickleball.

Pickleball is a paddle sport that you can learn in minutes and play for a lifetime. It brings together elements of tennis badminton and ping pong to create a sport that's fun for all ages and skill levels.

We use a solid paddle to hit a plastic ball over a low net and we usually play doubles on a badminton size court. Pickleball is easier to pick up than other net sports. It's easier on your body, and it focuses on reflexes and aiming.

So, if you've been playing tennis your whole life, if you're just walking onto a court for the first time, if you're young or old or in between, if you're looking for something strategic and competitive or you want something fun and social and active, pickleball is for you.

Come and try it with us.
