

What our personal training members say:

“I could see and feel a huge difference in my fitness and strength after only a few sessions – which has had a positive impact on my energy levels and overall wellbeing. With Steve’s guidance, I have made physical activity part of my lifestyle.”

“I have never been, nor am I, a gym junkie. However, my Personal Trainer, has me excited about attending GESAC. Due to his support and understanding of my medical conditions, he has tailored a program that not only meets my needs, but has helped me achieve a significant improvement to health and wellbeing.”

“From the first session, I knew Daniela was the right fit to train me. Her passion for her clients and the industry are second to none. Working together, I have lost more than 25kgs and achieved more in my health and fitness journey than I ever thought possible. Daniela has encouraged me to become a better version of myself. ”
